

## Fall 2019 Newsletter

## Senior Spotlight

As you read this, more than 200 Crosby Scholars seniors continue to work on college applications. They are struggling to write the perfect essay while also working on senior projects, calculus homework, or spending time at practice or a part-time job. Many of them feel highly stressed by the demands they face. If you know a senior, please remember to encourage them and remind them of how terrific they are. The holidays are coming!

## New Parent Academies

We have a series of presentations just for parents beginning this fall! They will be on Saturday mornings the same days as student academies. No registration is required and there is no cost to attend. Open to the general public! Click below for specific dates, times, locations, and topics.

Congratulations and thanks to all of the student participants in the 1st Crosby's Got Talent Show. We had Scholars from Crossroads, Lake Norman, Mooresville, South Iredell, Statesville, and West Iredell in the show. Thanks to ***Betty's Dance Studio*** and ***Elevate School of Rock*** for sponsoring prizes and helping judge the show.

## Learning to create webinars

Crosby Scholars staff members are frequent webinar watchers, but now we are learning the production side. Thanks to support from the Iredell County Foundation, we purchased software subscriptions that allow us to host webinars. This gives students who miss a meeting at school another chance to get the same information. We will also be able to offer training topics for advisors "on-demand".
